

DIY DWC Cloner Build - Parts List

Below are the parts list with prices & links to the receptive parts. Keep in mind that prices are always changing.

When weighing the cost of the DIY cloner build compared to the cost of the OxyClone system with the upgrades, the DIY system is cheaper.

However the OxyClone system contains 20 clone sites verses the DIY systems 9 sites.

For myself the 9 site DIY system meets my needs. If more clone sites were needed I think I would buy the OxyClone System and then upgrade it!
